**Canvas** is a site used to help train teachers for the Church of Jesus Christ of Latter-day Saint Seminary and Institute programs. It provides a digital platform to host brief interactive training modules. This allows teachers to get help at their own pace in their choice of enviroments.

We have set up an intro to teaching course for our Continuing Education called teachers and would invite you to join the class. To do so please follow these instructions…

1- Send an email to: travisprice@churchofjesuschrist.org
2- In the email please include your…
    a. Full Name
    b. Where you have been called to serve and when you were called
    c. Preferred email
3- Using that info we will add you to the Canvas class.

Being a part of the class also gives you access to all the other Continuing Education teachers in the valley so you can share ideas, ask questions, or even just cheer each other on.

Thank you so much for being willing to serve. Hopefully this is a helpful resource to empower you in your calling and help you move forward. Thank you so much.

*For any questions or help registering please contact Travis Price at 801-823-5780. Feedback is always welcomed as we try to better serve you.*
